

Curriculum Vitae

Harald Svartsund

Analyst

Phone: +47 94180239

E-mail: harald.svartsund@vista-analyse.no

Profile

Harald works as an analyst at Vista Analyse. He holds a master's degree in economics from the University of Oslo. Previously, he has interned at both Statnett and Oslo Economics.

His master's thesis involved using a DSGE model in continuous time to structurally estimate the macroeconomic effects of alternative climate measures. Harald is interested in topics like inequality, climate, data processing, technology, and taxation. He enjoys working with mathematical models and programming numerical solutions for them.

Through his experience at Statnett and Oslo Economics, he has developed skills in data analysis, processing large datasets, graphical representation, and presenting public regulations. These experiences make him well-suited to identifying key insights from large volumes of information and breaking down complex issues into simpler representations that can be easily communicated at all levels.

Education

2022-2024 **Master in Economics**, Universitetet i Oslo (UiO)
Topic of thesis: Climate, Inequality, Dynamic Modeling

2019-2022 **Bachelor in Economics**, University of Oslo (UiO)
